

Quality Policy

Ashhurst Engineering is dedicated to providing superior products and services to enhance the success of our clients and stakeholders. The company provides engineering, fabrication, maintenance and installation services nationally and internationally

In respect of this Ashhurst Engineering will

- Consistently provide products and services which exceed customer's expectations of compliance, while also meeting budget and scheduled requirements
- Pursue non-conformance prevention rather than non-conformance detection.
- Have competent employees in a safe and healthy work environment that fosters excellence and professional development.
- Implement identified best practices at all levels to ensure reliable risk management.
- Respect the environment and seek sustainability.
- Achieve and maintain sustainable profits year on year
- Provide strong management commitment to implement, maintain and continually improve the ISO 9001 Quality Management System.

Ashhurst Engineering strives to be the preferred provider of engineering, maintenance and installation services in the electricity and infrastructure industries. Our vision is 100% customer satisfaction 100% of the time.

Quality Objectives are also established to measure the achievement of the company's Quality Policy.

A handwritten signature in black ink, appearing to read 'David Hoskin', is positioned above the printed name.
